Ongoing Research Support

MAP Dashboard White Paper Grant Lopez (PI) / Koss Co-PI 06/01/17-12/31/17
An Analysis of Violent Crime and Density of Alcohol-Serving Establishments in Metro Tucson
Currently, the Public Safety indicator presents data on violent crime using the federal Uniform Crime Reports data. General violent crime trends are presented for Tucson and several other large U.S. cities. This research and white paper will add depth to the Public Safety indicator by assessing a major component of violent crime etiology (alcohol use) in Tucson and other cities in Arizona, and presenting recommendations that can be put into practice locally to improve public safety and our overall quality of place.
Role: Principal Investigator

DOJ 2014-AW-BX-K002

Prentky (PI) / Koss Co-PI 09/29/14 – 10/01/17

Campus Sexual Assault Perpetrator Treatment Pilot Project

This project will develop an empirically-based risk assessment protocol and evidence-based therapeutic modules linked to primary risk factors for sexual assault perpetrated by college men. The products will enhance institutional response by matching interventions to primary risks in individual offenders who have been found responsible for perpetrating sexual assault on campus.

Role: Administrative Director

ADHS16-122850

Koss (PI) / Lopez Co-PI 2014-2020

Sexual Violence Prevention and Education (ASBA) [Arizona Safer Bars Alliance].

This project is funded through the Arizona Department of Health Services' CDC RPE funds. The goal is to evaluate the ASBA bystander sexual assault prevention program designed for liquor serving staff of bars surrounding three Arizona Universities (UA, ASU, NAU).

Role: Co-PI (2018-2020); Evaluation Coordinator (2014-2017)

Selected Completed Research Support (Past 5 Years Only)
