

# Student Community Engagement Poster Session

▶▶▶ March 31, 2017 • 1:00-3:00 PM ◀◀◀

*Open to MPH and Doctoral Students from the College of Public Health*

*Have you been involved in a community activity that mirrors the core values of public health? We are looking for individuals and teams to share posters of their **outstanding community engagement** during the past year. This can include:*

- *Service learning*
- *Partnering with community programs or agencies on a specific project*
- *A special project for a class*

*Posters will be displayed at the same time as research posters presented during Admitted Students' Day, to share a comprehensive view of how satisfying, rewarding and exciting community engagement can be as part of the public health student experience. Help us to highlight the outstanding community engagement activities of our students!*

Please submit an abstract online by Feb. 27 at:

<https://publichealth.arizona.edu/outreach/community-engaged-practices-and-service-cepas/student-poster-2017>

Abstracts must not exceed 250 words and describe:

- **Partner/Setting:** The setting and community partner(s) you engaged with in your activity.
- **Methods/Activities:** What was the activity? How does your activity fit into public health?
- **Engagement:** What were the Community Engagement attributes of the Project?
- **Results/Outcomes/Products:** What did you accomplish through engagement with community partners (either complete or still in progress)?

March 4 accepted posters will receive notification and poster guidelines .

Funding to print posters will be available from the Office of Student Services.

Posters will be judged by members of the CEPAS Committee

- First Place \$250
- Second Place \$150
- Third Place \$100.
