

# COVID-19 Cleaning Process

Custodial Services Mission is to provide a safe and clean environment in support of the University's goal to provide a quality education. The following cleaning standards have been implemented during the Corona Virus (COVID-19) for the Academic Campus and Medical Areas. Areas are listed in order of cleaning priority.

| ROOM TYPE   | FREQUENCY                           | METHOD  |
|---|-------------------------------------|---|
| Restrooms   | Daily with routine policing         | Thorough cleaning and disinfecting of entire restroom                 |
| Common Areas: Public Areas, Hallways, Conference Rooms, Reception Areas, Break Rooms, Stairways, Elevators, Entrances | Daily                               | Thorough cleaning and disinfecting of entire common areas             |
| Shower Rooms  | Daily                               | Thorough cleaning and disinfecting of entire shower rooms             |
| Classroom   | Daily                               | Thorough cleaning and disinfecting of entire classrooms               |
| Multiple Occupant Office  | 2 days per week with daily policing | Thorough cleaning and disinfecting of entire multiple occupant office |

| ROOM TYPE              | FREQUENCY      | METHOD  |
|------------------------|----------------|---|
| Single Occupant Office | 1 day per week | Thorough cleaning and disinfecting of entire single occupant office |
| Laboratories           | 1 day per week | Thorough cleaning and disinfecting of entire laboratories           |

**COVID-19 Additional Services:**

- Facilities Management Custodial Services Strict Isolation Teams with Personal Protective Equipment and disinfecting solutions are ready to address all areas that need a thorough disinfecting and to provide support to Student Union and Residence Life as needed. Please notify Rachel Ramos at [rachelramos@arizona.edu](mailto:rachelramos@arizona.edu) if you have a positive COVID case that requires sanitizing services.
- Additional daily disinfecting will take place at Campus Health and the Student Recreation Buildings.
- Classrooms: After being disinfected, classrooms will be locked and secured until classes resume.
- Common Areas: Increased frequency of disinfecting will take place on a daily basis.
