

# WiFi Hotspots

- UAWiFi: There are locations where you can access the [UAWiFi and eduroam networks](#) on campus and around the state.
- Statewide resources: The [Connect Arizona map](#) shows numerous free wi-fi locations across the state, including library, school, and business hotspots.
- Public libraries: Contact your local public library to see what resources they may have, such as [Pima County Public Library](#).
- Xfinity hotspots: Xfinity is allowing free access to any of their hotspots, usually only available to customers. Check the [Xfinity hotspot map](#) to see whether there is a location near you.
- Connect securely. Be aware that when you are on a public wifi network your information is not secure. Use the [UA VPN](#) to securely connect to the campus network.
